

## WE ARE IMPRESSED

### Dr Felix Büchting

Member of the KWS SAAT SE & Co. KGaA Executive Board

*"As a globally active plant breeding company, we employ qualified national and international professionals. Thanks to*

*the Welcome Centre's individual services, we can rest assured that our new employees will find it easier settle in here in Southern Lower Saxony. The Welcome Centre therefore makes a major contribution to the retention of our qualified professionals and managers."*

### Simone Heidelberg

Head of Human Resources at Piller Blowers & Compressors GmbH

*"We are more than satisfied with the service. The guides support our new employees with outstanding dedication*

*and plenty of heart, which saves us, their employer, much time and effort. We would not hesitate to use the Welcome Centre's services again and are happy to recommend them. Thank you very much for the excellent cooperation!"*

### Joachim Rogge

Head of Department for foreigners and citizenship affairs of the city of Göttingen

*"Many people believe that they will be dealing with an officious and old-fashioned local government office when they*

*hear the name of our department, rather than with a service provider that makes more than 6,000 positive decisions a year. The Welcome Centre offers support as a mediator between the qualified business and science professionals who wish to settle here on the one hand and the local government on the other."*

### Kyoung Taek Bae

Service engineer at Coherent Lasersystems GmbH & Co. KG

*"I would just like to say a big thank you for helping me to complete the paperwork for my BlueCard and to relocate to Göttingen. The Welcome Centre helped me to get all the appointments and to speed up the administration process in this pandemic situation. This allowed me to concentrate on the job right from the start."*
